Deliver invitations to bid in minutes. Track responses in real-time.

Manage all of your sub contractors in a simple online address book accessible from anywhere.

Send out your invitations to bid via email and fax in just minutes to the recipients you choose.

Assign and manage all the trades by CSI code, using the 16 divisions, 50 divisions, or custom codes.

Recipients can access your project with one click from the email, and directly enter their bid response.

You can import and export your contacts with ease, even with all the trades preserved.

Powerful reports show you what is happening in real-time. Every click, every response, instantly.

Select recipients for an ITB by trade, group, or even by a mile radius search from the project zip code.

Send follow ups, addenda, or other communications to recipients that responded affirmatively.

Save time, increase your response rates, and be more competitive with your bids. Contact us to see how you can simplify your bid invitation process!
